Good evening,

Sitting in the last meeting I have some questions for the board.

1. Can the Board of Directors please provide detailed and specific information on what lead them to conclude that the Fire District tax rate should be reduced by \$.20 cents per \$100 assessed value for residential, commercial, agricultural and personal property
 - A. Will the decreased revenue in any way effect the safety of the residents within the Robertson Fire Protection District?
 - B. Will the decreased revenue in any way effect the safety of the Robertson firefighters to respond and mitigate EMS or fire suppression incidents.
 - C. How will the decreased revenue impact current staffing and manpower levels? ✓
 - D. What is the dollar amount this decrease will subtract from the operating budget? ✓
 - E. If the Board of Directors had issues with the previous accountant why did they adopt his budget, and how can the Board of Directors determine if a tax decrease is sustainable without identifying where cuts can be made in the current operating budget.

2. The Board of Directors has stated that they have saved money on cutting the optional health care coverage and changing the current Charter bill in half (acknowledging that there are 3 houses *Fire house 1, Fire house 2, and Administration building having their own). Where is the additional saved money going in the budget?
 - A: What is the additional cost of paying the lawsuit against the union? This is being paid by the citizen.
 - B: What is the additional cost of paying the lawsuit against the firefighters contract? This is being paid by the citizens.
 - B: What was the additional cost of paying for two assistant chiefs? This is being paid by the citizens.
 - C: What is the cost of the lawsuit from Chief Todd Philips going to cost? This is being paid by the citizens.
 - D: *Statement* It seems that any money that is saved is being spent elsewhere and can most definitely be more than the original cost saved.

3. why are we not talking about how many fire fighters we have lost?
4. will and when will the board meet with fire fighters to prevent more leaving? will the board allow citizens to be there?

Thank you,

Coren Anderson

Session 4 - 2:30 – 3:15: Actuarial Principles

Session 5 – 3:15 – 3:45: Ask the Experts – Panel Discussion

Session Content:

Ethics, Governance Process and Procedures

Anthony Hernandez, from Lauber Municipal Law, will present information regarding ethics and conflicts of interest for elected and appointed government officials as required by Missouri statutes. Additionally, Mr. Hernandez will address statutory requirements and best practices for the processes and procedures of governmental bodies. Mr. Hernandez will complete the session with a summary of requirements for open meetings and records pursuant to the Missouri Sunshine Law.

Plan Investment Education

Brian Perott, CFA, Senior Vice-President of FCI Advisors, will lead a discussion about the benefits of diversification and the need to include multiple asset classes. The session will include an overview of various investment class attributes, historical returns and volatility, and importantly, their impact on a multiclass, diversified investment strategy. The goal of this session is to increase the knowledge and skill of the trustee so as to increase their contribution to the investment decision-making process of the public pension plan.

Legal and Fiduciary Responsibilities

Bob West, Director and Attorney with Haynes Benefits, will review the laws and legal standards that apply to governmental plans and to the trustees of those plans. He will review applicable Missouri statutory provisions and Internal Revenue Code requirements that apply to pension plans and to defined contribution plans. He will also review fiduciary requirements that apply to trustees and the standards of duty and care that apply to the trustees' investment decisions and to their oversight of plan assets.

Actuarial Principles

Traci Christian, EA, President of MCG Consulting, will review the fundamentals of the actuarial valuation. Missouri statutory requirements and the role of the actuary. This session will cover information presented by the actuary, what it means to be "actuarially sound", and questions trustees should be asking the actuary. This session will also cover plan design topics and options such as DROP and PLOP provisions, early retirement windows. May also discuss investment and funding policies and the setting of actuarial assumptions.

Ask the Experts Panel Discussion

Our featured speakers will discuss the most recent legislative developments and answer questions posed by attendees either in advance of the seminar or that arise during the day.

*** Note that we reserve the right to change the order or content of the program prior to the seminar should the need arise based on the availability of our speakers. Overall content will not change. ***
