**REF: SWIFTWATER RESCUE PACKAGE**

We have the opportunity to receive from STARRS (St. Louis Area Regional Response System), a swiftwater rescue package for Strike team 3. They have agreed to allow us to do so.

We will have to sign an agreement to be responsible for insurance and maintenance of vehicle and trailer. We will also be responsible to take the package to any location in the region if the Water Rescue Strike Team 3 is dispatched. This is generally dispatched less than once per year because it only gets dispatched on very large flooding events. It was dispatched 10 times in the past 11 years, and several of them were training events. They can provide personnel to take it to an emergency if our manpower is short.

We will be able to use all of this equipment for training or use in our District if needed for emergency response. This will be a great addition to the rescue boat we just ordered. This saves us thousands of dollars per year and gives us the tools to better train and respond to water emergencies.

This will include:

Ford F550 quad cab tow vehicle, gooseneck trailer and cache of equipment

**Equipment:**

PFDs	Wet/Dry suits
Boots	Helmets
Gloves	Ropes
Generators	Chainsaws
Portable radios	Large tent

Thank you
